### LOCAL TRAVEL INFORMATION

#### Banking

Even though Singapore has been aggressively campaigning for people to go cashless, it's essential to always carry some cash with you. Most hawker centers, residential neighborhood shops, and kopitiam (coffee shops) only accept currency. Carrying S\$50-\$100 should be more than enough, but if you do run out, money-changers and ATMs are everywhere. (Go with the ATMs if you can. Better rate.)

#### COVID Testing or Proof of Vaccinated Status

From 1 April 2022, there will be specific entry requirements in place based on whether you are fully vaccinated or non-fully vaccinated. Click [here](#) for travel requirements to enter Singapore.

#### Ground Transportation

#### Time Zone

Singapore is located in the Singapore Standard Time Zone (GMT+8).

#### Weather

October average high temperature: 89 °F / 32 °C, average low: 77 °F / 25 °C. Intense thunderstorms occur generally during noon and early evenings. This time is usually rainier as compared to the inter-monsoon period at

the beginning of the year.

### **What to Pack**

Attire is business casual for the conference during the day. We do recommend you dress in layers as temperatures in meeting rooms can vary. Some events may take place outside in the evening when the weather cools down, so be sure to bring appropriate clothing options.
