Enter the Revsion Number that you are revising here:	
Title:	*Rapport in repeated linear patterns generated by se:Stroke
Source: 9	*SLDSE.swg
Work item code:	
Category:	* C (Functional modification of feature)
Reason for change:	* There is no way to request rapport in a full cycle of a Stroke pattern at the end point of a geometry. If the specification is taken literally, rapport calculation is not even permitted on an implementation specific basis.
