Title: 	*Axis order of input services to WPS
Source: 	*NGA, OWS-7 FDF thread
Work item code: 	
Category: 	* <input type="text" value="B (Addition of feature)"/>
<hr/>	

Reason for change: ⓘ	* clarity, tighter specification
Summary of change: ⓘ	* Is there anything we should/could look at adding to WPS to check/correct axis order of input services before trying to execute a process?
Consequences if not approved: ⓘ	Many processes will return incorrect results if they treat axis order incorrectly. Right now, vendors are trying to figure axis order out on their own in-process.
<hr/>	
Clauses affected: ⓘ	* No clauses currently discuss this.
Additional Documents affected: ⓘ	
Supporting Documentation: ⓘ	
Comments: ⓘ	
Status: ⓘ	Assigned
Assigned To: ⓘ	WPS 2.0 SWG
