Title:ⓘ	* Incorrect Example of URN in document in Table E.4
Source:ⓘ	*WMTS Working Group
Work item code:ⓘ	
Category:ⓘ	* D (Editorial modification) ⇕

Reason for change:ⓘ	* The information contained in Table E.4, namely the urn of the CRS of the Definition of Well-known scale set GoogleMapsCompatible, is incorrect and if used as an exemplar for coding could cause problems with use of WMTS.
Summary of change:ⓘ	* The urn in Table E.4 is currently, urn:ogc:def:crs:EPSG:6.18:3:3857 this is incorrect as the colons denote seperation of urn items and there is only one item between Authority (EPSG in this case) and Code (3857 in this case). That item is Version Number which should be 6.18.3 NOT 6.18:3 . Version 6.18.3 of EPSG was implemented on 10 Feb

	2009 (EPSG::3857 was added on 9 Feb 2009) however current version as of 25 Aug 2012 is 8.0.
Consequences if not approved: 🌐	Should the urn be used by GIS software vendors as an exemplar of how to create WMTS then it will fail validation as it is incorrectly formatted. This may lead to incompatabilities with use of WMTS.
Clauses affected: 🌐	* Table E.4 Column "CRS" First item
Additional Documents affected: 🌐	Not known
Supporting Documentation: 🌐	None submitted, but confirmed with EPSG Registry.
