<b>Title:</b>	* <input type="text" value="[WFS/FES] Incorrect def-type segment in stored query identifier"/>
<b>Source:</b>	*OWS-9/CITE
<b>Work item code:</b>	
<b>Category:</b>	* <input type="text" value="D (Editorial modification)"/>
<hr/>	
<b>Reason for change:</b>	* In cl. 7.9.3.6 the identifier of the stored query is given as "urn:ogc:def:query:OGC-WFS::GetFeatureById". This is not consistent with the OGCNA def-type register which has a storedQuery entry sourced from WFS 2.0 (also see guidelines in OGC 09-048r3). The "query" type pertains to CSW-ebRIM.
<b>Summary of change:</b>	* Change the identifier to "urn:ogc:def:storedQuery:OGC-WFS::GetFeatureById".
<b>Consequences if not approved:</b>	Specification contravenes OGCNA policies.
