Title:	* <input type="text" value="[order-eo1.0 swg] Add missing xs type to lastUpdateEnd element"/>
Source:	* OSEO SWG
Work item code:	
Category:	* <input type="text" value="F (Critical correction)"/>
Reason for change:	<p>* The body of the standard's text defines GetStatus operation with two elements that should be ISO 8601 dates (see Table 14-2):</p> <ol style="list-style-type: none">filteringCriteria/lastUpdatefilteringCriteria/lastUpdateEnd <p>However, in the accompanying XML Schema Document (oseo.xsd) only the first element is specified as having an xs:dateTime, while the other has no type definition (see lines 421, 413 of the oseo.xsd file)</p>

Summary of change: 	<p>*</p> <p>add a type definition to the GetStatus/filteringCriteria/lastUpdateEnd element. The type should be an xs:dateTime, in order to be consistent with the document</p>
Consequences if not approved: 	<p>This inconsistency breaks automatic type detection and makes it harder to implement the lastUpdateEnd scenario.</p>
Clauses affected: 	<p>*</p> <p>Section 14.3.1 of the OSEO standard</p>
Additional Documents affected: 	<p>oseo.xsd file</p>
