SISO Overview

Katherine L. Morse, PhD

Standards Activity Committee (SAC) Chair – 2017

SISO Vision

SISO is the organization dedicated to the promotion of modeling and simulation interoperability and reuse for the benefit of diverse M&S communities, including developers, procurers, and users, world-wide.

SISO Mission

SISO's mission is to develop, manage, maintain, and promulgate user-driven Modeling and Simulation (M&S) standards that improve the technical quality and cost efficiency of M&S implementations across the worldwide M&S community.

SISO Leadership Committees

EXCOM

Executive Committee

EXCOM provides overall **Governance and Strategic Planning** for SISO.

CC

Conference Committee

CC promotes M&S Community **Education and Technical Exchange.**

SAC

Standards Activity Committee

SAC oversees and **Manages the Development and Support of Products.**

Relevant SISO Products

- New in 2017
  - SISO-STD-009-01: Standard for Simulation Reference Markup Language Engine Specification Level 0
  - SISO-STD-009-00: Standard for Simulation Reference Markup Language Specification
  - SISO-GUIDE-004-FINAL: Guide for Coalition Battle Management Language (C-BML) Phase 1
  - SISO-REF-068.1-2017: Fuel Economy Federation
  - SISO-REF-068.2-2017: Fuel Economy Federation
  - SISO-REF-067-2017: FEAT User's Guide Reference for the Federation Engineering Agreements

- Graphics
  - Standard for Common Image Generator Interface (CIGI)
